DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group I invention corresponding to claims 1-6, drawn to a reference current generator for a multi-state MRAM, in the reply filed on April 13, 2004, is acknowledged.

Claims 7-10 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim.

Election was made **without** traverse in the reply filed on April 13, 2004.

Examiner's amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the abstract :

At page 18, line 8, after "plurality", insert --of--;

line 10, change "applying" to --using--;

line 15, change "By means of" to --Thanks to--;

line 16, change "current reference" to --reference current--.

In the claims :

In claim 1, line 15, delete "being used";

In claim 4, line 3, delete "the";

Art Unit: 2824

In claim 6, line 4, change "values" to --signals--; and

Cancel claims 7-10.

This application is in condition for allowance except for the presence of claims 7-10 to invention non-elected without traverse. Accordingly, claims 7-10 have been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Independent claim 1 recites a reference current generator for a multi-state magnetic random access memory comprising a plurality of reference elements with more than two different resistance characteristics coupled to a plurality of bit lines; and a peripheral IC circuit for dividing a plurality of current signals to generate a plurality of midpoint reference current signals. The prior art does not teach such reference current generator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
